What is a Pre-Tech Apprenticeship?

A Pre-Tech Apprenticeship will lay the foundations for your career in tech and will determine if a Tech Apprenticeship programme is for you and which stream is preferred:

Programme Syllabus
Computer Networking Associate Apprenticeship

Programme Syllabus
Software Development Associate Apprenticeship

Programme Syllabus
Cybersecurity Apprenticeship

You will engage in practical assignments that focus on both your technical and professional development, enhancing your employability within the tech sector.
In addition, participation will improve your prospects of securing a Tech Apprenticeship placement and provide insight into completing a Tech Apprenticeship programme.

Eligibility requirements:

- It's for everyone
- Must be 18 years +
- Have a Junior Certificate including Maths & English
- Be an EU Citizen or hold a Class 4 visa
- Have a keen interest in tech

Duration: 9 months, 30 weeks full time
Start Date: Various dates in the year
Location: Various locations in Ireland

Achievements: City and Guilds component certifications
Progression: Apprenticeship/Level 6 Advanced Certificate/Employment/ Third level education

Cost: Free, no cost to you! ETB's will take over social welfare payment if currently receiving one
